JIMMY DEAN

First team manager Jimmy Dean writes as we welcome his former club...

Good afternoon and welcome back to Glanford Park for our first home game of the new season.

It's ironic we begin here with my former club Peterborough Sports, a club I have very fond memories of. To get the club to this level was a fantastic achievement and I'm delighted they managed to finish in 14th position. They've got new ownership, new management, they've changed the colour of the home kit and have many new players, so it represents a big transition for them. There are many people involved at the club who I hold in the highest esteem as people and when they're not playing us I hope they win every game.

We began the season away at Tamworth last weekend and I was delighted with the win. It was a really tough afternoon in a really hostile environment, but we've come through it and got three points.

We're going to be everyone's cup final this season. You felt that at Tamworth, but we managed to come away with three points and an away win. It was my first as Scunthorpe manager and our second in 18 months. It was huge to get that out of the way on the first day of the season.

The game was a reminder of what this level is all about. I've reiterated that to the players and they had a learning curve last weekend. I'm glad we got the points off the back of the learning curve. You can prepare as much as you like for what's to come, but there's nothing that can prepare you for the pressure cauldron.

It was a busy summer for us, but we got our business done early and have welcomed 11 new bodies into the group. It needed stripping back and the environment needed changing, and we've done that. The players we've brought in have their best years ahead of them and are still hungry for success. That's what this football club needs and deserves.

We wanted to get a side together that the club can be proud of and start winning football matches, and hopefully we've done that.

I want to end my first set of notes by saying thank you. You've been behind us when we've been really bad - when it was hard to see positives. You've had five years of losing games and I really hope that this year we will give you something to cheer about.

I'm looking forward to putting that right this season. I'm looking forward to getting out there and getting stuck into some of these sides.

Your support at Tamworth was incredible. Sold out in just four days, and I've no doubt we would have taken hundreds more if we'd been able to. When we needed that bit of support and when we needed to dig deep, you were there for us. I certainly think that we couldn't have done that without you at Tamworth, and it's a game we wouldn't have won last season.

I don't want to do too much talking off the pitch, I want to do it on the pitch. I want to get this club winning football matches again. It's been five years in the bottom four, which is a record that no fan should endure.

We're a different animal at home, with your backing, and we want to get off to the best possible start.

Up the Iron!

Jimmy

CLUB NEWS

A look at the news since the last time we met...

KELME WELCOMED

The club have moved to Kelme ahead of the new season, as they become our new Technical Kit Partner.

Prior to the Iron, Kelme's latest introduction into the UK was at Championship side Watford, while they have also established foothold in some of Europe's other top leagues with Espanyol, Alaves, Huesca and Dynamo Moscow all wearing the Kelme claw.

In collaboration with the Valencia Institute of Biomechanics, Kelme use the latest technologies, fabrics and designs.

A size guide for our new kits is available in-store and online.

HITEK ELECTRONIC MATERIALS LTD CONFIRMED AS FRONT OF SHIRT SPONSORS

We were delighted to announce a new partnership with HITEK Electronic Materials Ltd, who became the club's front of shirt sponsors for the 2023-24 season.

The fabricating and distributing company replace Marshall Motor Group, who were on the front of the Iron's kits in 2022-23, with United heading in a new direction with three brand new shirts and Technical Kit Partner Kelme.

FABRICAST UNVEILED AS BACK OF SHIRT AND SHORTS SPONSOR

We were delighted to announce a new partnership with Fabricast Group Limited, as they became the club's

back of shirt and shorts sponsors for the 2023-24 season.

The Hull-based company replace long-term club partner Pepperells Solicitors on the back of shirts and telecoms provider Business Telco in a new commercial deal.

Fabricast Group is an ISO 9001:2015 accredited, independent manufacturer, stockholder and distributor, providing the UK and multi-national customers with quality assured engineering solutions in multi metals and engineering plastics.

NELSON DEPARTS BUTLER RETURNS

United were saddened to announce the departure of Head Coach Michael Nelson in the summer.

He left the club for personal reasons after securing a job closer to home, where he is now able to provide greater support and care for his family.

Michael was a model professional throughout his entire time at the club, and the door remains firmly open should he choose to return in the future.

He ended his second stint with United with nothing but well wishes for the future.

As a result, we welcomed back Andy Butler to the club as First Team Coach. The 39-year-old has vast experience within the game and needs no introduction to Iron fans.

FOCUS ON... MICHAEL CLUNAN

We commence the season by speaking to skipper Michael Clunan ahead of the Iron's first home game of the season...

The same responsibility, the same division, but a new club. Midfielder Michael Clunan knows this level inside out, he knows what it takes to wear the armband, and he's ready to be part of a successful Scunthorpe United team as they look to return to the Vanarama National League Premier Division at the first time of asking.

First team manager Jimmy Dean, by his own admission, stated he was desperate to bring the former King's Lynn Town player to the club and installed him as one of his prime targets going into the summer.

Speaking in a recent interview after announcing him as club captain for the 2023-24 season, Dean said: "Mikey is someone I know well and was desperate to bring into the club. He's a born leader, he's busy and he thrives

the former King's Lynn Town player to the club and installed him as one of his prime targets going into the summer.

Speaking in a recent interview after announcing him as club captain for the 2023-24 season, Dean said: "Mikey is someone I know well and was desperate to bring into the club. He's a born leader, he's busy and he thrives off it and you get more out of him. When he's captain, he gets more out of everyone around him.

He's done it for six years at

King's Lynn. He's won this league doing it, he was runner-up last season doing it. He's made for the job. You can see by his performances out on the pitch that he can carry it, and he's someone that I can trust. That's a big thing for me as a manager, it has to be someone I can trust and someone I can speak to. I'm delighted to have him as our captain."

For Clunan, being given the skipper's armband is an added bonus to being at the Iron, and he's determined to make it a

Jimmy Dean

a successful season for the club and himself.

Reacting to being handed the armband for his new club having only been in the building for six weeks, he said: "It's a big honour for me, and it's a huge football club. I'm really looking forward to hopefully leading this club to a promotion this year and getting Scunthorpe back to where they belong.

"I was captain for six seasons at King's Lynn, and it comes quite naturally to be in that role within the dressing room. We have a great group of lads here, with so many leaders, so I expect my job to be quite easy.

"I like the responsibility and I like to organise on the pitch. It's a good trait of mine, and hopefully the gaffer has made the right decision. I have been captain in a few of the pre-season games and the lads have been great. They've supported me a lot, and hopefully we can take our performances in pre-season into the start of the season and get another good result after our win at Tamworth."

The 29-year-old penned a one-year deal with the Iron in the summer in a deal which commenced on July 1st, 2023 ending an eight year association with the Linnets where he achieved promotion and came ever so close to another last season.

Previously playing for Norwich City Football Club's youth and first team, he arrived at his former club in July 2015. Speaking about his decision to leave and join United, he continued: "I'd been there eight years and had some promotions, and ups and downs there. I'm a King's Lynn boy and it was a very tough decision but ultimately I couldn't turn down an opportunity like Scunthorpe.

"It's a big football club and it belongs a lot higher than National League North. That's the aim and hopefully we can achieve that. We've signed some top players with good experience, and good quality. It's a tough league and it won't be easy by any means but

"I'm looking forward to the challenge."

Along with skipping King's Lynn to promotion from the Southern League and National League South in his time there, he also experienced two seasons in the National League, where he was a stand-out performer during their time in the fifth tier.

The former Norwich player made 47 appearances for them in the National League North last season, scoring four times, and was also named in the divisional team of the season.

He joined the Linnets after spells at Boston, Histon and Lowestoft, following his

Michael Clunan

departure from Carrow Road.

While he has experience of the level, Clunan appreciates that a tough season is ahead, despite the Iron being firm favourites on paper. That was shown with pre-season, with United having a slow start with only a draw against Brigg Town CIC before a defeat away at Winterton soon after.

“It was a slow start to be honest, but that was to be expected with all the new faces coming in and it takes a few weeks to get your fitness back and to get the lads gelling together. From then on, it’s been great and we’re put on some great performances including those

against EFL clubs in which we have been very organised. We have created a good work ethic within the team which has showed against the teams we’ve have come to Glanford Park so far.”

United began the campaign with a victory at Tamworth last weekend, and the ilk of the challenge faced is one the Iron will have to get used to for the remainder of the year.

“They were riding the crest of a wave and had some good momentum behind them. We were ready for the challenge. I think Tamworth epitomise what this league is like and made it difficult for us, however it was excellent character shown by everyone to come away with all three points.”

In other employment, Clunan joined Stephenson Smart - a Chartered Accountants and Business Advisors company - in 2014 and gained his ACCA in 2020.

He worked with a range of clients in different sectors, but had a particular interest in corporation and business tax.

But it hasn’t taken much transitioning coming to North Lincolnshire for Clunan, with his previous club also being full-time.

“The transition from King’s Lynn to Scunthorpe has been fine. Both clubs are full-time. All the players and staff here have been great and really welcoming. It has helped me settle in.

“I’ve no regrets. It was the right decision for me. The facilities, resources and crowd show that.

”The squad as a whole is in a great position. We are fit and raring to go. Pre-season is what it is. It’s there to get you fit and organised and we’ve done that. The serious stuff has started and we want to build on it.”

STUDY UNITED

Steve Parsons rounds-up the latest news from the Study Support Centre at the stadium...

Good afternoon everyone and welcome back to Glanford Park for the first home game of the new season. We would like to welcome Andy Butler to the coaching team, also new and returning members of the squad. We are sure that this will be an exciting and successful season for the Iron.

A warm welcome is extended to supporters, players, directors and personnel of the Turbines. We hope that it will be an entertaining game and that the Iron are celebrating a victory come the final whistle.

We've had a busy Summer here at Study United with lot of exciting activities taking place for children throughout North Lincolnshire. Limitless Lego and Lego and Lunch (part of North Lincolnshire Council's Fuelled programme) have taken place in our study centre and around the stadium.

We've also visited local libraries and community hubs with our Summer Sphero Sessions. Marking the first outing with our Sphero Bolt robots, participants were able to take on a series of football challenges. They programmed the robots to dribble, pass and shoot on our custom printed football pitches.

Our "A Game of Two Halves" has

had great success so far in 2023 with North Lindsey College, The Vale Academy, Outwood Academy Foxhills and Frederick Gough School all taking part. The programme aims to increase the proportion of young people from disadvantaged backgrounds entering higher education. The engagement programme utilises sport and our close links to The Iron, to inspire Year 8-10 students and demonstrate the huge range of careers in the sporting arena that would become open to them should they go on to college or university.

With the autumn term rapidly approaching, we are busy recruiting local schools on to our

exciting Supporter 2 Reporter and Scunthorpe United Reading Stars programmes.

If you work at a school or have any specific involvement as a parent or governor and you would like to find out more about this project or any other learning programme we offer to schools please don't hesitate to get in touch.

Now let's get this new season off to a great start.

Up the Iron!

Steve

COMMERCIAL NEWS

A commercial update ahead of the new season...

Welcome back to Glanford Park for the first home game of the new season in what will hopefully be an exciting and prosperous one on the pitch.

We are at home today following a positive start last week, and we're sure that Jimmy and his squad will be eager to get one on his former club and earn back-to-back wins for the first time in a very long time!

During the close season, we have welcomed a number of new partners on board, gaining sponsorship across the board.

We'd first like to welcome our main club partners for the new campaign, and incidentally our match sponsors for this afternoon, HITEK Electronic Materials Limited.

The fabricating and distributing company have replaced Marshall Motor Group, who were on the front of the Iron's kits in 2022-23, with United heading in a new direction with three brand new shirts and Technical Kit Partner Kelme.

design in the protection of electronics.

We are looking forward to working with HITEK Operations Director Roger Dent and the company over the course of the season and thank them for their support.

We will be profiling a number of our major partners over the course of the season, but special thanks also go to Fabricast, our back of shirt and shorts sponsors, who also came on board in the summer.

As ever, we would also like to thank Roj Rahman of Mortz Property Services who have continued their sponsorship of the sleeve and the East Stand along with the providing of our electronic scoreboard.

For any commercial queries, please email commercial@scunthorpe-united.co.uk. We have match sponsorship packages, programme advertising and more available.

Meanwhile, all the best to the lads on the pitch as we look to get our home campaign underway after three impressive games against EFL sides.

MASCOTS

We have four mascots for this afternoon's opening home league game of the season.

Firstly, **Jack Taylor-Smith** who is 10 years old and attended Carcroft Primary School. His hobbies are football and chess and his favourite Iron player is Aaron Chapman.

Amber Lily Jones is our second mascot of the day. She is five years old, attends Frodingham Infants and enjoys drawing, singing, gymnastics and watching Scunthorpe United home and away. Her favourite player is Reagan Ogle.

We also welcome **William and Benny Baker** to Glanford Park, back from Dubai for the summer on holiday. William is eight, enjoys swimming and cycling and Jacob Butterfield is his favourite player. Benny is six, enjoys painting and cricket, while Reagan Ogle is his favourite player. Both go to Brighton College Dubai.

ACADEMY ROUND-UP

News from our Under-18s side as they look to get their season underway.

DONCASTER ROVERS U18S 4-1 IRON U18S

The Iron's academy side suffered a 4-1 defeat away at Doncaster Rovers on the opening day of the Youth Alliance league last Saturday morning.

Played at Cantley Park, the United youngsters did pull the game level at 1-1 before a clinical second-half performance from the hosts saw them run out comfortable winners in the end.

The side found themselves behind after just two minutes though as Max Adamson slotted home beyond Ewan Oxborough to give Rovers the lead after a ball through from Jaiden Campbell-Ryce.

United responded well to going behind and won a penalty after 25 minutes following a foul by Chris Pooley. Charlie Burden-Whittleton stepped up and saw his spot kick saved by Jacob Bryant, but the Scunthorpe forward was fortunate the ball sat nicely for the rebound as he restored parity with the rebound.

The Iron could have gone ahead soon after but for a fine save from Bryant, but it was Doncaster who restored their lead on 29 minutes with Will Green sliding in a Harry Wood cutback.

Rovers could have lead by more at half-time, but Oxborough denied Campbell-Ryce, while Adamson twice hit the upright.

United switched goalkeepers at half-time, with Josh Murtagh replacing Oxborough at the interval and he was to be tested within minutes of the restart as Adamson sent an effort narrowly wide. On 48 minutes, however, he was to be picking the ball out of his net as Adamson made no

mistake, meeting an inch perfect cross from Pooley to complete his brace.

The fourth and final goal for the hosts came on 67 minutes when Green's corner was met by Flint and sent into the back of the net. Doncaster could have had more, with a number of chances to follow, with one standout save from Murtagh in particular coming to deny Freddie Allen what looked like a certain goal from his header.

United could have reduced the arrears on 80 minutes when an effort towards the far top corner cannoned back into play off the crossbar.

IRON: Oxborough (Murtagh, 45'), Knight, Abraham, Cunningham, Hill, Cribb, Wallace, Dickinson,

MIDLAND LEAGUE DUTIES

THE GREAT FIRE

NO GRUMBLES AT THE PREVIOUS CAMPAIGN

Historian John Staff continues his 100-year rewind, looking back at 1923-24

It seemed only a flicker in time had passed, since Harry Allcock, Scunthorpe United's diligent secretary, had turned the key in the lock of the Old Show Ground main gate, at the end of the Nuts final Midland League against Chesterfield Reserves, when the new season of 1923-24 was once again upon the Club.

A summer of floating clouds on a sky of bright blue, quickly drifting by, punctuated by the occasional shower, and soon it was time for the winter sport of football, on the Old Show Ground. And what would the warmer season have been in 1923 without a trip on the L.N.E.R. to Cleggy, for a wet Sunday, with screaming kids, sand in between the toes, and a kip for father in a deck chair that had caused a row in putting up?

However, at Scunthorpe United, the major concern was a scar on the West side of the ground, created by a disastrous fire on Friday 13th 1923, which raged through the whole of the main stand, and destroyed the offices, changing rooms and kit. Insurance money received in compensation of £180 was far short of the required money required to rebuild, and replace the ashes of the football club. In fact, it was probably half of the sum required to reconstruct the stand. The seriousness of the situation was to put the whole future of the Club in jeopardy.

The begging bowl was out around the town, and businesses, supporters, a benefit match arranged, and directors were asked to dig deep into their wallets, and a 'New Stand Fund' was in full swing. At least Mr. Talbot Cliff, a respected Scunthorpe United director, had

resolved the team's colours crisis, with a brand new kit within a week of the blaze, and the club was grateful to Sheffield Wednesday for bringing a spare set with them for the game on the Old Show Ground, the very next day.

The 1922-23 season saw Scunthorpe United finish in a respectable sixth position in the Midland League table, and had noted them as outsiders to win the Championship, at one stage. Sheffield Wednesday Reserves took the summit, with Doncaster Rovers pushing up in second place. Worksop, Denaby, Grimsby Town Reserves and Scunthorpe were the next in the frame. For the 1922-23 campaign, eighteen victories out-weighed eleven defeats. The supporters of the Claret and Blue Nuts had sixty five goals to raise their hats to, but groaned on fifty eight occasions.

Director, Mr. Talbot Cliff, who replaced the fire damaged playing kit within a week of the fire.

1922-23 final Midland League table

for those conceded.

Goal scoring had found the directors unhappy at the start of the fixtures, so there was some early chopping and changing. It was not until they decided that John Gittos was the man to lead the attack that a settle spearhead was adopted, and his tally was twenty three strikes in the F.A. Cup and Midland League, a vindication of their decision. They also promoted Norman Reynolds, a young local goalkeeper, in front of that old stalwart, John Wogin, who was a valuable standby.

The 1922-23 campaign also brought in some extra interest and a small amount of revenue from a competition the Club entered, called the Wharnclyff Charity Cup. Scunthorpe United fought through the opposition to reach the Final, away to Doncaster Rovers. They lost the tie 1-0, before a crowd of 5,000 spectators, no silverware to show, but a commendable achievement.

The Scunthorpe United team of 1922-23

The F.A. Cup also brought a degree of excitement in 1922. After the expected beating of Grimsby Charltons, for those supporters who could not afford the charabanc fare to Gainsborough, but who donned bike clips, to cycle to see the Natty Nuts triumph by 2-1.

This was followed by a defeat on the road of Boston, but the run was ended away in Nottinghamshire, against a strong Worksop eleven.

With these facts in mind, it was now time to look forward to happy times during the coming months of the 1923-24 coming campaign.

IT'S A SCUNTHORPE UNITED FACT!

In Midland League days, the furthest trip for Scunthorpe United was to Norwich, when from 1934 their Reserves spent two seasons in the division. On the road system of the day, this would be in excess of one hundred and fifty miles.

OUR VISITORS TODAY

We look a bit deeper on Peterborough Sports' monumental rise through the divisions over the last few years...

A BRIEF HISTORY

Peterborough Sports football club was founded in 1908 and were initially known as Brotherhoods Engineering Works a non-competitive factory side for the company that was founded by Peter Brotherhood in 1867 that was famed for designing and manufacturing the first steam turbine engine in the world.

The club honours its heritage to this day with the turbine engine featuring in the club badge and "The Turbines" as the club nickname. They were called Bearings Direct in the 1990's and then changed to Peterborough Sports all at the same Lincoln Road ground which has undergone a major revamp since 2012 funded by a combination of Parkway Social Club, the Football Foundation and former Manager and Chairman Tommy Cooper.

The club started competitive life in the Northants League in 1919 (which became the UCL in 1934) winning the title in that first season before joining the Peterborough League in 1923. The club once entertained Tottenham Hotspur at Lincoln Road before the 2nd World War in front of a crowd of 4,000 at a time when a stand went down the whole length of the ground and drew over 3,000 for the visit of local rivals Peterborough & Fletton United (now Peterborough United).

Without doubt the clubs most famous player is Victor Watson (pictured) who played in the Northants League title winning team of 1919/20 before moving onto West Ham United for £50 via

Wellingborough in March 1920. He remains the Hammers record goal scorer with 326 goals from 505 appearances. Watson played 5 times for England scoring 4 times between 1923 and 1930 including a brace against Scotland in 1930 and played in the first FA Cup Final at Wembley in front of 200,000 fans against Bolton.

Victor Watson

THE SUCCESS OF JIMMY DEAN

The side's first season in the UCL saw Chris Plummer take the reigns in January 2014.

The following season saw the side challenging for promotion right to the end of the season, but a run of seven away games to finish, saw them eventually finish in fifth.

At the end of that season Plummer stood aside and his assistant Jimmy Dean took the reins for the 2015-16 campaign. In his first year the club won the title at a canter by a huge 21 points, helped by winning their first 23 games. The side also picked up the UCL League Cup, the Northants Junior Cup and the prestigious Hinchingsbrooke Cup, in a "Fourmiddable" season.

That success was continued into

the 2016-17 as the team won the UCL Premier Division with a league record points tally of 112 and were the top scorers in the top 11 levels of English football with 150 in the league and 205 in all competitions.

Having gone into 2018 bottom of the Northern Premier League, the side turned it around to finish 12th before Dean won his third title in four seasons the year after in which the team lost only three times all season.

Following COVID-19, the 2021-22 season was to become another landmark season for the club as Sports reached Step 2 by finishing second in the league and gaining promotion by winning the play-offs.

Peterborough Sports 1-0 Peterborough United - July 25th, 2023

A Dan Lawlor penalty in the first half was enough to hand the Turbines a victory in the battle of the two Peterboroughs. The National League North side edged the affair against the side from the EFL's League One team.

Sports' joint boss Luke Steele spoke to the media after the game and insisted that beating Posh was no fluke, with the side receiving a natural boost against a strong side fielded by the opposition.

SUPPORTERS' GROUPS

We get the latest from the Iron Trust and feature a new supporters' group...

Good afternoon, Iron fans and welcome back to competitive football after the summer break as we embark on a new era of our football history in the National League North.

A warm welcome to Peterborough Sports and their supporters who make the journey this afternoon for their first ever visit to the Iron. A tie made all the spicier given Jimmy Dean's connection to both clubs.

The Iron Trust has been busy over the summer months on behalf of members, still meeting and working behind the scenes on matters which affect our beloved club. The main issue of course was the sale and transfer of the ground and associated land to new chairman and owner David Hilton. We have over the course of the summer met with Lee Turnbull and David Hilton to get their perspective on the future of the Iron.

A big thank you to Andy Williamson who came onto the Iron Trust board as a co-opted member, Andy decided the board wasn't for him and given his work commitments decided to step away.

The Iron Trust puts out a regular newsletter prior to each home game, holds a stall at Trust Corner before home league games selling a range of souvenirs. A monthly Hat-trick draw with prizes of £75, £25 and £10 can also be entered for a small fee, May and December prizes are a one-off £500. We hold two seats on the local SAG (Safety Advisory Group) and represent our member's views on key issues concerning Scunthorpe United and football in general.

Meanwhile Trust secretary John Needham, already a respected figure amongst the Iron faithful, has extended his reputation throughout the English football community working closely with the FSA (Football Supporters Association) on key issues such as the Owners and Directors test for football club owners as part of the FSA campaign to get the FA to enforce more rigorous controls in the future.

We also award an annual Player of the Season trophy currently and deservedly held by Regan Ogle. A monthly award as voted by Trust members is used to determine the overall season's winner.

We work alongside our fellow supporter groups; namely SULSEC, Winterton Iron, Irish Iron, Disabled Supporters club and SUOSC. Irish Iron costs £10 per annum whereas the others charge £10 for life membership so why not come and join one or all?

Please enjoy the game. Up the Mighty Iron.

INTRODUCING A SUPPORTERS' GROUP FROM USA

The newest created supporters group, the Iron were contacted regarding the formation of a desire to form a club for fans of Scunthorpe United in the United States of America at the end of April 2023.

Jo Riedel, a follower of the Iron from Maryland, USA for several years, wanted to connect more supporters to the club from across the Atlantic.

With formation just a couple of weeks in the making, Jo reported members in five states across the country already, while an update at the start of May saw an increase to New York, Maryland, Georgia, Illinois, Indiana, Kentucky, Nevada, Texas, Idaho, New Jersey, Ohio and a few in Canada, with the supporters group only set to grow even further.

THE NEW ARRIVALS

We take a look at the 11 new signings brought into Glanford Park this summer, where they've been, where they've come from and what we can expect from them this season...

Danny Whitehall (left) and Michael Kelly (right) became our first two summer signings

The Iron's summer activity started early this summer, when Danny Whitehall and Michael Kelly walked through the doors at Glanford Park.

It was only May 15th when the duo both signed on the dotted line to become Scunthorpe United players.

DANNY WHITEHALL

Whitehall, 27, arrived following two campaigns on the south coast with Eastleigh where he made around 78 appearances, scoring 23 goals. Last season, he made 44 appearances in all competitions, scoring 14 goals. One of those strikes was the match-winning penalty against the Iron at Glanford Park back in March.

Following a youth career with Liverpool and Rochdale, he would begin his senior career with Southport, Marine and Prescot Cables. He would also have stints with other clubs in the USA, Scotland and England.

MICHAEL KELLY

The Scottish defender, aged 25, made around 60 appearances in two seasons at Eastleigh in the

National League over the past two years. Kelly started his career with Aberdeen before moving to Leicester City in 2015. He then spent time with Hurlford United before moving to England and signing for Bristol Rovers, where he spent four years. Kelly also played for Scotland at under-15, under-16 and under-17 level.

TYLER DENTON

One day later and there was more activity, with Denton joining the Iron after leaving King's Lynn Town, where he got to the semi-finals of the National League North play-offs last season following a strong year where they constantly pushed at the top of the division. The 27-year-old started his career with Leeds United, after graduating through their academy, and made three senior appearances for the Elland Road side, scoring once, as well as having spells away on loan at Port Vale in League Two and Peterborough United in League One. A stint in League Two with Stevenage followed before he joined King's Lynn during the 2020-21 campaign, where he made a total of 92 appearances at his last club, including 35 last season, and scored on three occasions.

WILL EVANS

The 31-year-old central defender joined after a two-year stint at Boreham Wood, where he made 79 appearances and scored three goals. He also got to the National League play-offs this season, before being knocked out by eventual winners Notts County at Meadow Lane. Evans, who has made almost 400 senior career appearances and scored 27 career goals, played for Fairford Town and then Cricklade before joining Swindon Town and progressing through their Centre of Excellence. He also played for Hereford, Eastleigh, Newport, Aldershot and Chesterfield.

MAXIM KOUOGUN

Kouogun, 26, arrived following a successful year-and-a-half at York City, where he made 37 National League appearances last season and a further 25 during the prior campaign as the Minstermen won promotion via the National League North play-offs. Described as a rock solid, centre-half, he joined City mid-way through last season after a spell playing in Ireland with UCD, Warrenport and Shelbourne. He also featured in UCD's Europa League qualifying campaign in 2015-16 and has made over 200 senior appearances so far in his professional career.

ROSS FITZSIMONS

Just days after he'd been at Wembley in goal for Chesterfield in the National League play-off final, Fitzsimons put pen to paper at the Iron. The Hammersmith-born goalkeeper began his career at Crystal Palace, during which he experienced loan spells at Harrow Borough, Hendon, Havant & Waterlooville and Farnborough. Fitzsimons moved on to Bolton Wanderers, with a loan stint at Bishop's Stortford before permanent stays at Braintree Town, Chelmsford City, Notts County, Boston United, Stockport County, Weymouth and St Joseph's.

JASON LAW

On June 7th, the Iron added to their squad further as the club announce former Mansfield Town attacking midfielder Jason Law as the club's eighth summer signing on a two-year deal, effective from July 1st, 2023.

The 24-year-old left the Stags, where he'd been for the past eight seasons, after joining the club's academy from Carlton Town midway through the 2015-16 campaign.

The Stags would retain their Youth Alliance titles in 2016-17 and 2017-18, with Law a regular in the team across his scholarship years. He would also have work experience loans at Sutton Coldfield Town, Gresley and Hednesford Town during those years. His performances would see him promoted to the first team squad in the 2018-19 season, ironically making his debut for Mansfield against the Iron in the Checkatrade Trophy in November 2018.

Last season, he would feature 24 times in total for the Stags in all competitions, making a total of 54 appearances for the side across his time there.

KIAN SCALES

Former Bradford City midfielder Kian Scales joined as the club's ninth summer signing on a one-year deal.

ABOVE: Jason Law became signing number seven of the summer
INSET: Ross Barrows, signing 10 of the close season

The 21-year-old arrived at Glanford Park following the expiration of his contract with the Bantams, with his long association with the side coming to an end. He joined the club in 2014 before progressing through the academy set-up to sign a professional contract in July 2020.

He was handed his debut with the side by former Iron manager Stuart McCall and he would make a total of 23 appearances for the side in his breakthrough season. His second league start came against the Iron back on March 23rd, 2021 at Glanford Park before he celebrated netting his first senior goal four days later in a 2-1 win at Colchester United.

Over the last two seasons, Scales has made loan spells to fellow National League North side Farsley Celtic, first playing six games in all competitions in 2021-22 before returning to the Citadel last season to play in 42 of their league games, scoring three goals, also adding a further two goals and four appearances in their cup competitions.

ROSS BARROWS

The Iron recruited Barrows from Altrincham on a one-year deal.

Born in Sheffield, Barrows was on the Iron's books previously, spending six years in the academy between the ages of nine and 15. Following his departure, he managed to forge a successful career so far, first ending up at FC Halifax Town where he came

through the youth team before spending two years as a professional.

A qualified coach, he owns and runs Ross Barrows 22 Coaching, while he also formerly worked for 780 Coaching between 2017 and 2021.

CALLUM ROBERTS

United's 11th recruit was the signing of Aberdeen winger Callum Roberts on a two-year deal for an undisclosed fee.

The 26-year-old arrived from the Scottish Premier League side just under 12 months after moving north of the border.

Formerly of Newcastle United, where he spent a decade in the academy between 2005 and 2015, he signed a professional contract in the January shortly after making his professional debut in an FA Cup tie against Leicester City. Four years on, he netted his first professional goal in the same competition, this time against Blackburn Rovers.

During his time at the Magpies, he spent time out on loan at Gateshead, Kilmarnock and Colchester United before signing for Blyth Spartans permanently in 2019. Gaining experience of National League North, Roberts scored 17 goals in his campaign at the club, earning himself a move to Notts County, where he would register 20 goals in his time at Meadow Lane.

PRE-SEASON 2023

A round-up of the Iron's eight pre-season encounters, which began away at Brigg Town CIC and ended with a home fixture against Burton Albion, as Jimmy Dean prepared his side for life in the Vanarama National League North...

BRIGG TOWN CIC 2-2 IRON

The two sides shared the inaugural Julie Taylor Trophy at the Hawthorns. Cameron Wilson and Danny Elliott put the Iron 2-0 up before the hosts hit back with two second-half goals in front of a record crowd.

IRON FIRST HALF: Fitzsimons, Scales, Boyce, Kouogun, Denton, Shrimpton, Roberts, Clunan, Beestin, Wilson, Whitehall.

IRON SECOND HALF: Chapman, Scales, Barrows, Evans, Kelly, Wallace, Robertson, Butterfield, Law, Poulter, Elliott.

WINTERTON RANGERS 1-0 IRON

The Iron slumped to defeat at West Street with a second-half goal shortly after United made eight substitutions.

Again, in front of a record crowd for the second game in succession, the hosts took the victory as they prepared for their Northern Premier League campaign.

IRON: Fitzsimons (Chapman, 62), Barrows (Law, 62), Kouogun, Evans (Boyce, 62), Kelly (Denton, 62), Roberts (Beestin, 62), Clunan (Shrimpton, 62), Scales, Butterfield (Rance, 62), Elliott, Whitehall (Wilson, 62).

ILKESTON TOWN 0-3 IRON

United made it third time lucky, taking the victory in an away game against owner David

Hilton's former side Ilkeston Town at the New Manor Ground.

Goals in the first half from Cameron Wilson and Kian Scales had put the Iron in a commanding position after 45 minutes, while Fin Shrimpton added a gloss to the scoreline with two minutes to go.

IRON: Fitzsimons, Kelly, Kouogun, Boyce, Denton, Clunan, Scales (Shrimpton, 76), Roberts (Law, 62), Butterfield (Rance, 64), Whitehall (Elliott, 76), Wilson (Beestin, 76).

IRON SUBS NOT USED: Chapman, Evans, Barrows.

GAINSBOROUGH TRINITY 0-6 IRON

The Iron romped to an emphatic win against Northern Premier League Premier Division side Gainsborough Trinity following a scintillating 10-minute spell in the second half where United scored four goals.

Jason Law had put the Iron into a first-half lead, with Michael Kelly, Cameron Wilson (two) and Danny Elliott (penalty) making it 5-0 in breakneck speed. Danny Whitehall added the final gloss to the

scoreline in what was a five-star second 45 minutes at the Northolme against Neal Bishop's side.

IRON: Chapman, Ogle (Kelly, 45), Denton (Barrows, 58), Evans, Boyce (Kouogun, 58), Rance (Scales, 58), Wilson (Poulter, 58), Shrimpton, Elliott (Whitehall, 67), Beestin, Law (Clunan, 45)

IRON SUBS NOT USED: Fitzsimons.

IRON 0-0 DONCASTER ROVERS

United faced higher opposition for the first time in pre-season, and returned to Glanford Park to hold League Two side Doncaster Rovers to a goalless draw.

Managed by former players Grant McCann and Cliff Byrne, the Iron matched their EFL opponents all the way and kept a third successive clean sheet. They had Ross Fitzsimons to thank for that shutout though, with one superb save in the second half, with many of the travelling Rovers supporters

already on their feet celebrating as the former Chesterfield shotstopper was pushing the ball over the crossbar.

IRON: Fitzsimons, Kelly, Denton (Ogle, 60), Kouogun, Evans, Rance (Shrimpton, 60), Wilson, Clunan, Whitehall (Elliott, 70), Scales, Beestin (Roberts, 60).

IRON SUBS NOT USED: Chapman, Pugh, Poulter, Barrows.

IRON 1-1 HULL CITY

The Iron matched a strong Championship Hull City outfit to take a second successive draw at Glanford Park in the side's penultimate pre-season encounter.

In front of 2,414 supporters, Scunthorpe more than matched their second tier opponents and shocked the Tigers early on following an emphatic left-footed strike from midfielder Fin Shrimpton, which sailed into the top corner of the net.

Ozan Tufan restored parity in the second half for the visitors following a deflected effort with the Iron rallying hard to preserve the draw with dogged defending and bodies on the line. The Iron also had chances to win it before the game was brought to a close.

IRON 2-1 BURTON ALBION

United made it five games unbeaten in the final game of pre-season, recording a 2-1 victory over League One side Burton Albion at Glanford Park.

Cameron Wilson thought he'd opened the scoring early on, which would have taken his tally to five goals in pre-season, but the assistant referee flagged his emphatic strike offside after the goalkeeper parried away Jason Law's initial effort.

Danny Elliott did open the scoreline shortly after as he was fortuitously positioned to deflect an attempted clearance into the net for his third goal of pre-season.

Substitute Jacob Butterfield slotted in the winner from outside the box in the final few minutes of the game to seal the win and end a successful pre-season.

The Iron have recorded a number of positive results on their first home league game of a season.

From a 3-2 victory over Derby County in the Championship to the 2-1 win over Yeovil Town twelve months ago, United look to make Glanford Park (and the Old Show Ground previously) a fortress from the get-go.

A win against Rochdale in 2004 set Scunthorpe United up for a promotion campaign, as was the case for the win against Mansfield in 2013.

Will today be first home game win number 32?

ON THE ROAD RUSHALL OLYMPIC

SATURDAY, AUGUST 19TH - 3PM

The Iron are on the road in a week's time, visiting Rushall Olympic for the very first time.

One of the sides promotion to National League North last season, Rushall Olympic enjoyed a positive campaign in 2022-23 as they finished fifth in the Southern League Premier Division Central, eventually winning the play-offs. Coalville Town were beaten in the semi-finals before promotion was secured with victory over Nuneaton Borough in a dramatic final that went all the way to a penalty shoot-out.

The club also won the Staffordshire Senior Cup and Walsall Senior Cup to complete a memorable treble.

Here's a look at our next journey, including what you can expect if you're heading to the ground.

THE STADIUM

Dales Lane boasts a state-of-the-art and FIFA-Approved 3G playing surface that has received much acclaim since it was installed in 2019.

The capacity of the ground is 1,980.

- > Continue onto A5148 towards Brownhills and Walsall
- > After two miles at the roundabout, take the third exit onto Watling Street (A5)
- > Take the second exit at the next roundabout towards Walsall and Cannock
- > After two miles take the first exit onto Walsall Road then after five miles turn left onto Daw End Lane and then right onto Dales Lane with the destination on your right.

COMING SOON

A look at the Iron's next game...

DARLINGTON

TUESDAY, AUGUST 15TH, 2023 - 7.45PM KICK-OFF

The Iron welcome back one of their old foes, with Darlington making a first return to Glanford Park since 2005.

In what will be the third game of the National League North campaign and United's second home game in three days, it will be the reverse for the Quakers who are at Hereford this afternoon.

Darlington began the campaign with a home encounter against Curzon Ashton and they were on the wrong end of a 3-1 result. Adam Barton hit the opener for the visitors before Darlington struck back on 27 minutes through Toby Lees. Second-half goals from George Waring on 66 minutes and William Hayhurst three minutes into stoppage time send the points home to Curzon.

Celebrating their 140th year, the Quakers will be eager to be at the right end of the league table and improve on a tenth-placed finish in 2022-23.

The two sides last met in 2004-05 when the Iron couldn't defeat Darlington over the two games, despite achieving promotion from League Two in that campaign. A 1-0 defeat was suffered at Glanford Park in the last meeting on New Year's Day in 2005, while it was a goalless draw when the sides met in September 2004.

The outcomes in the two seasons prior were the same - a draw at Darlington and a 1-0 home defeat at Glanford Park. You have to go back to November 2001 when the Iron last won at home to Darlo - a 7-1 home victory.
