First team manager Jimmy Dean writes his latest set of notes...

Welcome back to Glanford Park as our attentions turn to the Isuzu FA Trophy encounter against Darlington.

Like any game, this is an important fixture. I told the players in the build-up to the game that we are treating it like a league fixture. It's a competition we want to do well in, and we'll be playing to win the game.

Darlington come here for the second time this season, and we really enjoyed the game under the lights here back in August, winning 4-0 on the night. We played some exceptional football that night, and scored my team goal of the season so far, which was finished off by Alfie Beestin after over 30 passes.

Last time out here at Glanford Park, we took another three points against Gloucester City, which was another pivotal win. I was really proud of the players from the adversity and bit of stick we all got after the Chester game, and rightly so. I put the gauntlet down to them when I came back in the building, and they responded magnificently. We're going to need the same sort of reaction as that after a disappointing result at King's Lynn Town in midweek.

In the first half we weren't good enough but in the second we dominated the game. We had 19 penalty box entries and 42 final third entries. We dominated the possession but they defended the box really well. We then were down to ten men (after Roberts came off) and should have still scored a couple then.

It felt like we went 1-0 up and stopped. We got the goal from

the set-piece but didn't capitalise on it - we didn't carry any intensity or fight.

We managed to get Danny Elliott back on the pitch in midweek, which is a positive, and we got more minutes into Callum Roberts too. He was stretchered off on Tuesday, following a clash of heads, but we're hoping that the cut next to his eye will heal quickly. It wasn't concussion, so he won't be out for any length of time.

Three home games in the next week, we want three wins. We've got to put some momentum back in and can't let this knock us out of our stride. We're in a good place, on and off the pitch now.

We'll look at where we're at physically because we've had a lot of games in quick succession but the aim is to win, we want a run in the FA Trophy, so we will be taking it seriously.

It's a really positive environment inside the club, and credit to

Michelle and everyone behind the scenes for the fantastic work they're doing to secure the future of our football club.

I keep talking about it, but there seems to be a real connection between us and the fans, and above us as well. It feels as though everyone is pulling in the same direction, and this is what needs to happen now. Everyone needs to stick together, to keep fighting and to remain united. The difference from when I came in to now is night and day, and long make it continue.

Having 4,200 supporters here for the last home league game was amazing. We really appreciate all the backing you're giving us, and off the pitch, you are making a difference.

Up the Iron!

Timmy

# CLUB STATEMENT GLANFORD PARK

Scunthorpe United is delighted to confirm that contracts have been exchanged, as planned, for the ongoing purchase of Glanford Park.

The Board of Directors have been working tirelessly behind the scenes, having secured the immediate future of the club in October, with discussions progressing positively since the club's last statement to meet the target of mid-November.

The club anticipate that completion will be towards the back end of November.

# An update directly from the Board...

As a Board of Directors, we are ecstatic to announce that we have exchanged contracts for the purchase of Glanford Park.

The monumental effort from all involved, both in this process, and to keep the club running on a day-to-day basis, has not gone unnoticed, and we express out unwavering gratitude for the support which has been a driving force behind these positive outcomes.

As said previously though, this is when the hard work truly does start. The club has overcome a number of obstacles, bumps in the road, and issues surrounding our future, but we now need the ongoing support of all of our

supporters, local businesses and the community to make this a success and get this great club firmly back on track.

Over the past couple of months, we have seen how much this football club means to everyone. It is integral to the town, and everyone had rallied round to ensure we have a future. This needs to continue. Whether it's attending games, purchasing from the shop, signing up to our lottery, or supporting the club in another way, every little bit of backing is pivotal for our future.

We extend that level of importance to local businesses, and the local community. In the coming weeks and months, we will be actively engaging with a number of local businesses. We want as many to be part of our plans as possible, and urge any that are interested in showing a level of support, big or small, to get in touch with us.

Moving forward, our focus is to continue to tackle our extreme levels of debt that have been inherited. Good progress has been made to conquer a number of these, but we need support from everyone to continue moving in the right direction.

As a Board of Directors, we acknowledge there is work yet to be done, but we remain confident in the positive trajectory set in motion. We extend our thanks, once more, to all those that have played a role in this milestone achievement.

We've said it before. This is your club. Let's make sure our future is bright.

# OUR VISITORS TODAY

We look a bit deeper on Darlington's history, including their difficult times between the meeting in 2005 and the one back in August...

#### A BRIEF HISTORY

Darlington Football Club was formed in July 1883 when a number of representatives from several teams in the town met in a local grammar school and decided to form one club.

Feethams became the home for the new club, and stayed there until 2003, when the club moved across town to a new 27,000 seater arena. Feethams was leased from local businessman John Beaumont Pease in 1866 and the first turf came from the nearby cricket pitch. Two years after its formation the club ventured into the FA Cup for the first time but was beaten 8-0 by Grimsby.

Darlington were one of the original founder members of the Northern League in 1889 and went on to win the title twice in 1896 and 1900. The club turned professional in 1908 and decided to join the newly formed North Eastern League — although it would return to the Northern League most unexpectedly a century later.

After just missing out on promotion in the 1969-70 season, the club's fortunes nosedived.

Between the 1969-70 and the 1979-80 seasons Darlington had to apply for re-election to the Football League no less than five times, but fortunately every time the club was successful, probably because Darlington was easy enough to reach on the motorway and rail network, unlike other clubs such as Barrow and Workington.

The eighties saw the club in a financial mess and fans were forced to raise £50,000 in just six weeks. The fans and people of the town rallied round and the money was raised to save the club. In 1985 the team won promotion to the third division under manager Cyril Knowles and stayed there for two years. But then successive relegations followed, and in the 1988/89 season the club finished bottom of the fourth division and were relegated to the Vauxhall Conference.

Playing at Wembley had always been a pipe-dream for Quakers until 1996, when they reached the third division play off final against Plymouth Argyle. They finished fifth in the regular season after suffering only one away defeat in the league all season — they missed out on automatic promotion on the last day at

Scunthorpe.

By the turn of 2012, the club was back into administration for the third time. After overcoming several difficult hurdles and negotiating for many hours, a supporters group took control of the club with the aim of making it stable once again, but the FA ruled, despite an appeal, that Quakers should be demoted from the Conference back to the Northern League - an unprecedented drop of four divisions.

### DARLINGTON'S FIRST TWO GAMES...

Since we last met in August, the Quakers parted company with manager Alun Armstrong.

It came following a slow start to the season. Three defeats on the bounce to begin with, including the heavy one at Glanford Park, then saw the side take five points from three games, with promising draws against Brackley Town and South Shields, as well as a win against Alfreton Town.

However, a 5-0 defeat at Buxton meant his tenure was coming to an end and, when the side registered a goalless draw at home to Boston three days later, he was removed from his position.

Managerless for one league game (a defeat at Bishop's Stortford), Gowling took control after they secured FA Cup progression against Workington. His first game was a 1-1 draw against Gloucester City before the side took just one point from four games, losing four out of five games in all competitions.

They began November more positively with a 2-1 win over Farsley Celtic before a disappointing defeat at Peterborough Sports.

A corner looked to have been turned when they beat high-flying Chester 3-2 last weekend, before a heavy 8-0 defeat at Chorley on Tuesday night.

## SOUTHPORT

#### TUESDAY, NOVEMBER 21ST, 2023 - 7.45PM KICK-OFF

The Iron welcome Southport to Glanford Park in midweek for the second of three home games in a row.

The game will be the first meeting between the two teams since November 1986 when Southport journeyed to the Old Show Ground in the FA Cup. The Iron won 2-0.

Previous to that, the last league meetings came in the 1977-78 season. United suffered a 2-0 defeat at home in January 1978, with a 1-1 draw played out in the reverse fixture in August 1977.

Southport come into the game in 12th position with 25 points from their 19 games played so far.

They're set to host South Shields this afternoon in the second round of the FA Trophy and go into that game four games unbeaten following two wins and two draws. They beat Rushall Olympic and South Shields recently, drawing to Blyth Spartans and Farsley Celtic.

Previous to that, they suffered three straight defeats without scoring, losing at Peterborough Sports before suffering defeats at home to Chester and Banbury United - a run only akin to their start to the season which saw them pick up just one point from their first six encounters of the campaign.

Both strikers Marcus Carver and Richie Bennett are on the books at Southport following their loans from the Iron, but neither can feature in this game.
